

WE'RE HIRING

OEM ENGINEERING TECHNICIAN

APPRENTICES - 2 POSITIONS

Kells, Co. Meath | Full-time | Four-year apprenticeship

Join Premier Energy Storage and train as an Engineering Technician, combining paid college learning with hands-on experience on specialist fuel storage, transfer and control systems.

SALARY PROGRESSION

YEAR 1	YEAR 2	YEAR 3	AFTER 4 YEARS
€18,720 p.a.	€24,336 p.a.	€30,420 p.a.	€40,560 p.a.

Full salary is paid during all college training periods.

WHAT YOU'LL LEARN

- Mechanical and electrical assembly of specialist equipment
- Installation of fuel tanks, pumps, valves and pipework
- Control panels, instrumentation, PLC and HMI systems
- Testing, commissioning, fault-finding and maintenance
- Safe working practices on workshop and customer sites

COLLEGE TRAINING

- Approximately three months per year in Monaghan or Cork
- Full salary continues while attending college
- Accommodation, where required, is arranged and paid for by the apprentice

WE'RE LOOKING FOR

- A practical, technically minded person with a genuine interest in engineering
- A positive attitude and willingness to learn from experienced technicians
- Good communication, teamwork and problem-solving skills
- Reliability, attention to detail and a strong approach to safety
- Willingness to travel to customer sites as part of the role

MINIMUM ENTRY REQUIREMENTS

- Leaving Certificate, including a pass in English and Mathematics at Ordinary Level, or equivalent qualifications
- Conversational English suitable for college, workplace and customer-site communication

THE OPPORTUNITY

- A recognised four-year OEM apprenticeship pathway
- Structured workplace training and mentoring
- Experience across mechanical, electrical and control disciplines
- A permanent engineering career with progression after qualification
